

APNIC

Asia Pacific Network Information Centre

# Routing SIG

Report for APNIC Annual Member  
Meeting  
Friday 22<sup>nd</sup> August 2003  
Seoul

# Routing SIG Charter

- The Routing SIG examines important issues of Internet routing and policy in the AsiaPacific region and globally. These issues would include Internet routing table growth, de-aggregation of provider blocks, routing stability and flap damping, routing security, and the Internet Routing Registry
