# *prop-054-v001: NIR operational policy document revision*

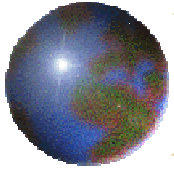

Consensus reached

- ip6.adra.arpa zone updates added in the document to reflect operational reality
- Technical details of updating reverse zones will be moved from the document and be defined separately
  - Updates shouldn't require formal policy process, but should be a version controlled document to keep up the changes
  - APNIC secretariat will discuss format with NIRs

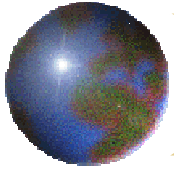

## *2007 KRNIC Activity for Customer Satisfaction*

- Introduction of KRNIC activities to increase customer satisfaction
  - Trainings, face to face visits, surveys, secondary DNS hosting service
  
- Other NIRs shared activities to raise customer satisfaction
  - Open Policy Meetings and other face to face meetings, trainings to provide local presence

## *TWNIC update*

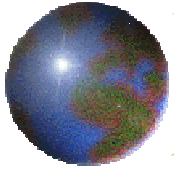

- Introduction of TWNIC OPM, activities to promote IPv6 deployment
  - Ipv6 tunnel deployment
- How do you encourage community in your economy to make presentations at OPM?
- How do promote/raise awareness on IPv6 deployment in your economy?

## *Summary*

- ⊕ Positive informational sharing on NIR activities
  - ⊞ Customer satisfaction
  - ⊞ How to encourage presentations in OPM
  - ⊞ How to raise awareness on IPv6 deployment
